Dear Friends,

The past several weeks have been such a huge blessing for Rebekah and I. We have seen the Lord answer prayer and work in our lives in a great way through this adoption process.

On March 15, 2018 at 8:52 a.m. we welcomed our little Olivia Leigh into our family. She is doing great and we are adjusting well and thankfully getting good sleep :). Please pray for the birth mother through this process. We know that she loves Olivia very much, but is grieving as well.

Everything is not official yet, but we are working every day to finalize the adoption and get back to India as quick as possible. Over the next several weeks we will work to finalize the adoption through the court, obtain new birth certificate, social security card, passport and then visa. All of these things take time, but pray with us that these forms will get to the right hands of the right people and we will get them back quickly.

We love living in India and can't wait to get back to learning the language and working in the ministry God has called us to.

### Prayer Requests:

- **Discipleship:** We are praying that the Lord gives us some people to disciple soon.
- **Language School:** Pray for us as we continue learning the language.
- **Adoption:** Pray we can finalize the adoption quickly.

Yours to India,  
Eric & Rebekah Elrod
