THE DAVIS FAMILY

Summer is rollin' along! With beautiful weather and long day-light hours multiple opportunities have abounded to serve the Lord and labour in His vineyard.

1. Door Knocking Continues ... Each week, street by street, door by door, and person by person **the gospel of Jesus Christ is being delivered.** There have been a few times the regularly scheduled door knocking outreach has been canceled (we have had an extremely wet Spring/Summer), however, other avenues have opened up ... with a quick text message or phone call I have found myself enjoying a "double-double" coffee at the local Tim Horton's and sharing the claims of Christ with the lost. Rain or shine the truths of the gospel are what people need ... Please, help us pray that the "seeds" will be planted, watered, and warmed so as God may give His increase in the harvest of souls for His glory!

2. Baptism Service ... This past Sunday evening 40 individuals (young and old, family and friends) gathered at the Gregg Lake just north of town for a baptismal service. It is always good when believers decide to follow the clear commands of Scripture! What a privilege to be able to fulfill a small part of the Great Commission ... baptizing a most precious **husband and wife**, by immersion in the name of the Father, the Son, and the blessed Holy Spirit. Please pray for this dear family as most certainly Satan will try to discourage and hinder God's work in them. See "**Ministry and Event Photos**" on the main web-site page for pictures of the baptism.

3. Preparing for FALL !?!? ... Yes, already! I recently was speaking to a man that works in the log woods. He asked, "Have you noticed the poplar trees?" Although I had not noticed them I knew immediately what he was getting at. A few ... just a few ... at higher elevations are starting to turn bright yellow!!! Fall is just around the corner and folks will start settling in a more normal routine (taking the last vacations and school starting, etc..) This, for the most part, also includes church attendance. Please pray that in the transition from the care-free days of Summer into the structured schedule of Fall no one will "fall through the cracks" at Hinton Baptist Church. I am seeking the Lord's direction concerning a **Missions Conference** (our first ever! ... although the church faithfully supports 7 full-time missionaries around the world), as well as, a **Prayer Conference** (I do believe prayer is the single most effective and untapped resource God has given His children). Help us pray to this end.

Thank you for the continued prayers and intercession on our behalf and God's work in the foothills of the Canadian Rockies. May the Lord bless you in your support of His here.

In Christ Jesus,

Shane Davis
