Dear Pastor and Praying Friends:

Since our last letter there has been a lot going on here and we are excited to be able to write to you and share the progression of things.

Thank you for praying for a new place to live! *We found a place* in a small village about 10 minutes away called Seebronn. We believe it is the place God would have for us and are in the middle of relocating there. We are excited at the new prospect possibilities in our new neighborhood. As a result of having to move, we will be paying considerably more in rent and school transportation costs since the boys will no longer be able to walk. Like everywhere else, the cost of living continues to climb here in Europe. Please pray that God will continue to supply all of our needs. **PLEASE CHANGE OUR MAILING ADDRESS** to the new field address below.

I was honored to be invited to fly to preach Jacob's ordination service. Jacobs's pastor, Randy Taylor Jr. did a great job officiating the service and being so hospitable to me. Folks here in the church are very glad that Jacob and Shay are coming to bring the Gospel to such a needed area. Please pray for them as he continues to book deputation meetings and as they travel.

The ministry here is doing well. Please pray for O, a young man searching for something real. He has been visiting recently and needs to be saved. Please pray for an elderly neighbor and friend of our son Clay, Mrs. R, who is almost 90 years old. She has been coming to the church for some months now and loves being there. A few weeks ago, she admitted that she has not ever been saved. It is exciting to be able to report that the growth of some of the members is wonderful to see. One of the ladies has been working to aid us with the move and what a blessing it is listening to her sing good Christian music as she works. We are going to start a Bible Institute very soon. I have ordered materials and we have a few men and women who are interested in attending. Pray for the preparation and participation of these classes.
