# BLOOM

*Missionaries to Ecuador*

Dear Friends,

We are so very thankful for all that God has done over the past year! This past month of December was wonderful as well. Here are a few things that happened in December.

We finished up English classes and had a graduation service on a Sunday morning at the end of church service. There were 13 students that came to that. We have been busy following up with some of the students and, we have been able to share the Gospel on a personal basis with several of them. We have also had one or two of the students come to a church service every week since the class.

I (Kason) have been continuing with language school and have been working on book four of the language school. I have been learning about the subjunctive tense in Spanish, which is very important to communicate well, so please pray for me as I continue to study.

We had a great Christmas here in on the mission field. Bethany's parents came to visit, and we much enjoyed that. We also got to experience Christmas in another country, which was very neat!

I am very thankful to see how God has been working in our lives over the past year and can't wait to see what he will do in this coming year. We are very thankful that we were able to get to the mission field and begin language school in 2019. Thank you for all your continued support and prayers!
