

THE WELLS FAMILY

Daxell, Wendy and Lucas | Missionaries to Albania | Prayer Letter

Përshëndetje! Hello to all friends and family in Christ! Thank you for your continued support through financial and spiritual means. We hope that everyone is doing well during these trying times in the World! Since the last time we wrote to you, the country has both opened up and closed again. While the borders are officially open for Albania, **Neighboring countries have mostly restricted movement with Albania.** On top of that, the government has put a stop to all schools and large gatherings of people. Daily, they add more and more restrictions. They proclaim they will not *officially* shut down the country again but we are not sure what will happen. Please help us pray for this country as it's medical system struggles with this disease. **This also means our ministry in Vrion has been suspended again, for now.** The parents of the kids in the school where we were preaching to are afraid of their children getting sick, so the organization that we were going through suspended all activities. **Please pray that we can get back in quickly or that God will open more doors for us.**

Some updates about our family: Lucas is strong and healthy! He is growing into a happy, young boy (we will have to update our prayer letter picture soon!) Wendy and I are doing well. I recently fell ill and my doctor believes it was most likely Corona. **Thankfully, I never experienced any respiratory issues or a really bad fever.** While I felt ill and extremely lethargic for about two weeks, my fever only lasted a day. The worst symptom I experienced was the loss of smell, which still has not recovered. Praise the Lord that Wendy and Lucas have not fallen ill or contracted any viruses. **Please help me pray for our family's health and safety.**

We do have two big prayer requests that we wish for you to pray for! First, Wendy's paperwork for our residency permit has *still* not come in. The US federal government has suspended most of their offices so they are being very slow. **We desperately need her apostille so we can finish our non-workers permit.** Please pray we will receive it swiftly. Secondly, **we wish to began a work here in Vlore, once the country allows large gatherings again.** We are currently looking at buildings and praying about a good location. **Near our house is an area called "Plazhi i vjeter", which means The Old Beach.** Many people, both Roma and Albanian live here, many of whom are impoverished. We are praying about finding a place here, to start our Vlore ministry. Please pray that God will direct us to exactly where he would have us so we can began reaching the people of this city.

Please continue to pray for our ministry, for our family, and other missionaries across the world! **Thank you and God bless!**
