**Dear Supporters and Prayer Warriors:**

**Sandra and I would like to say “thank you” for all the calls, cards and prayers during this difficult time. My battle with lymphoma has been challenging but God has never left me throughout the battle.**

**Your faithful giving, prayers, and encouragement have been a vital part of our ministry to reach the Jewish people and lost people across the world.**

**Please pray for our missionaries as they witness and minister to those near and far. Our office staff has been holding the rope so that others can go down in the well to rescue the perishing. Your prayers on their behalf would also be deeply appreciated. God is blessing in spite of covid, sickness, and personal issues. We have had two missionary candidates inquire about joining BWMOM. Pray for them as they seek the Lord’s direction.**

**We are about to have another issue of the SH’MA SHOFAR, the mission magazine, finished and in the mail. Pray that it will encourage, inform, and help pastors and supporters.**

**Finally pray for us during my health challenges. Sandra has been by my side caring for and supporting me as she has been doing during our many years of marriage. I am grateful to God for her.**

**Gratefully serving Messiah,**

*Jack & Sandra*
